3rd: 4741 WARD Mrs L R Ballakinnish Mischief Making Copperwhite JW

### **Critique**

**V (1)** 1 Webb's Sh Ch Shannonlee The Skylark, pleasing to see this 8 year old again; I have placed her highly on previous occasions & see no reason to change my opinion. She has a very correct head, strong neck, firm topline & super quarters with good turn of stifle, her hocks are well-let down. She moved out well. **RBB & BV. PD (2)** 1 Mallinson's Courtdown Fame And Fortune, well grown 10 months, good head with well defined stop & good reach of neck, he has a deep

ribcage & good turn of stifle. He just needs to fill out & settle on the move. **JD** (2) 1 Smith's Rustasha Lord Of The Rings, at 13 months he is still at that awkward stage, needing to fill out into his frame. He has good neck & shoulders, firm level topline. He won this class on his shoulder placement & more settled movement. It will be interesting to see how he develops; 2 C Fame And Fortune. **PGD** (3) 1 Pilmer's Rustasha Red Hot Royal at Anisbrig, I judged this one earlier in the summer in a variety class; today it was interesting to compare him with his own breed. I am pleased to say that I still like him! Only just 2 years but progressing nicely, good head with clean neck of correct length, straight well boned forelegs, strong topline, firm loins providing a well balanced outline. He moved well in the conditions showing plenty of extension. **RBD** 2 Collins' Corranroo Cloudchaser at Forestpoint, another 2 years with promise, well balanced head, good reach of neck, well laid shoulders, good width & depths of ribs. Would prefer him carrying a little less weight; 3 Housby's United Spots Royal Eagle. **OD** (1) 1 Wade's Ballakinnish Malachi at Oldestone, I predicted a bright future for this one last time I judged him. This time, he was a lot nearer the finished article but I feel that there is still better to come. Lovely head with type & balance. Strong neck of good length, plenty of quality bone without coarseness. Firm strong topline, strong couplings giving a well balanced outline, he has enough stifle & makes good use of it on the move. **BOB**. **PB** (1) 1 Rowles' Vanders Crimson Velvet, another 10 months baby. She has a good reach of neck, well boned legs, correct topline & well-angulated quarters. She moved well in profile & just needs time for her head to break & body to develop. The potential is there. **BP**. **JB** (4) 1 Eddleston's Rustasha Red Hot Diva, just 12 months but developing along the right lines. Good head with correct earset, strong neck, well laid shoulders, well balanced body giving a typical outline, good rear angulation which she used to advantage on the move; 2 Tong's Rustasha Raison D'Etre for Kellizlot, very similar in a lot of aspects to the winner, thought that this one was a little more forward in body & maturity but unfortunately she was reluctant to give her best. She should go on to do well if she can get over this phase; 3 Rowles' Vanders Crimson Velvet. **PGB** (2) 1 Whitaker's Lowdon Light Shift, at 2 years is developing well. She has a good head with width & length of foreface, strong neck of correct length, well boned legs, good width & depth of chest giving the required heartroom, firm over her loins, strong quarters with enough stifle. **OB** (5) 1 Jarvis' Shannonlee The Wood Lark, mature 4 years looking well, good head & neck, well laid shoulders producing well boned legs, good width of chest, firm topline, good overall balance. She moved freely & correctly to win this tricky class & subsequently **BB**; 2 Pilmer's Corranroo Celtic Connection with Anisbrig, another 4 years with lots to like, she has so many of the properties of 1 & is well put together. I particularly liked her length of rib & bend of stifle. She moved reasonably well but lacked the drive of 1 in today's conditions; 3 Ward's Ballakinnish Mischief Making Copperwhite.
