

Molly's been doing her best to publicise the breed; she regularly 'meets and greets' on the Discover Dogs stand at Crufts, as well as similar events at Game Fairs. But a couple of years ago she was the star for a local TV advert for the 'Dog Walking Holidays' company, and recently she and her 6 puppies were filmed, from 5 days old to leaving for their new homes, for the national Channel 5 programme "The Wonderful World of Puppies" which we hope will be screened in September - but it might be delayed till after Christmas!
